

Uvex VersaPro safety eyewear offers a streamlined design for optimal performance in light industrial applications where comfort and versatility are essential. With its extended-wear comfort features and increased durability, Uvex VersaPro helps keep workers safer on the job because they wear their glasses longer.

Uvex VersaPro is part of the Specifix™ Collection:
Different work environments. Different risks. Specific solutions.

Uvex VersaPro™

High-Performance Protection

- Its lightweight design and versatile protection makes Uvex VersaPro ideal for assembly line work, shipping, machine operation and other light manufacturing tasks.
- Sleek, streamlined lenses provide excellent coverage and protection.
- Available with Uvextreme® anti-fog coating or NEW Supra-Dura™ advanced anti-scratch coating for lenses that resist scratching 5x longer* than other coatings on the market.
- Meets ANSI Z87.1-2003 (High Impact) standard.
- Certified to the requirements of CSA Z94.3 standard.

Superior Comfort & Fit

- FlexFit™ bendable temples and nosepiece for a more comfortable fit.
- Ratcheting temples make it easy to adjust the lens angle for a close fit.
- Available in two sizes to better fit a variety of users. Frame widths: Medium = 5.45"; Large = 5.80".

Exceptional Total-Cost-of-Ownership Value

- Economical and easy lens replacement allows for multiple tints and extends the life of the eyewear.
- High-performance coatings provide longer lens life.
- Lifetime frame guarantee.

FlexFit wire core temples bend and flex for a customizable, full-comfort fit.

Flexible and replaceable, FlexFit nosepiece conforms to virtually any nasal profile and provides a contoured, non-slip fit.

Ratcheting temples enable wearers to adjust lens inclination angle to fit perfectly above cheekbones.

Exceptional peripheral vision and coverage. With Supra-Dura anti-scratch coating, lenses last even longer.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

Uvex VersaPro™

Clear — Ideal for most indoor work applications

Espresso — Minimizes strong outdoor sunlight and glare

Amber — Ideal for low-light applications where enhanced contrast is needed

Silver Mirror — Deflects sunlight and glare

SCT-Reflect 50 — Light mirror coating is ideal for varying light conditions

SCT-Gray — Minimizes outdoor glare and offers true color recognition

Shown:
Medium (top)
Large (bottom)

All Uvex® lenses offer 99.9% ultra-violet protection.

Ind. Polybag, 10/Bag, 200/Master Case
Master Case Weight: 11 pounds
Master Case Dimensions: 18" x 13 1/4" x 10"

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Supra-Dura™ high-performance anti-scratch coating is permanently bonded to the lens and is ultra scratch-resistant to provide up to 5x* more lens life compared to other lens coatings on the market.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

 Made in USA with US and imported components.
